

Transferring Funds

For Citi International Personal Bank clients who hold an Account with Citibank International Plc.

For maximum flexibility, funds in a number of currencies can be transferred to your account in several ways. Citi International Personal Bank will not levy any charges against funds transfers received into your account, however, please note that the Citi IPB Reference Exchange Rate will apply to transactions across currencies.

A Citibank Global Transfer (CGT) allows you to send funds instantly between your Citibank accounts in 27¹ different countries worldwide, transaction fee free. Transfers can also be made across currencies without charge when the currency of the destination account is the same. Limits may apply. CGTs can be carried out via Citi Online or your Relationship Manager

Another way to transfer money into or out of your Citi International Personal Bank account is through the international funds transfer network, SWIFT. The SWIFT payment method can be used to transfer funds in all of the currencies listed below and overleaf. Charges apply for SWIFT transfers. SWIFT payments can be made via Citi Online or your Relationship Manager.

Single Euro Payments Area (SEPA) is a payment method designed to make Euro payments to participating countries quickly, safely and without charge. You can use this funds transfer method to transfer Euros to and from bank accounts in 33¹ European Union countries at no cost. SEPA payments can be made via Citi Online or your Relationship Manager.

Faster Payments allows you to make transaction fee free payments to beneficiaries in the UK with payments credited the same day and usually within a few hours. You can make a Faster Payment online via Citi Online although there are payment limits with this service.

CHAPS Faster Payments allows you to make transaction fee free payments to beneficiaries in the UK with payments credited the same day and usually within a few hours. You can make a Faster Payment online via Citi Online although there are payment limits with this service.

How to transfer funds into your account

To make sure your funds are transferred quickly and easily into your account, you should provide the following information to the bank making the transfer.
