Statements of Bank Handlowy w Warszawie S.A. on its application of corporate governance rules in 2011

1. Corporate governance rules applied by Bank Handlowy w Warszawie S.A.

It is the priority of Bank Handlowy w Warszawie S.A. (“Bank”, “Company”) to become the most respected financial institution in Poland, with a considerable sense of business and social responsibility. Since 2003 the Bank has been complying with corporate governance rules adopted by Giełda Papierów Wartościowych w Warszawie S.A. (Warsaw Stock Exchange, WSE) in the form of “Best Practices in Public Companies 2005” and as of 1 January 2008 in the form of “Best Practices for WSE Listed Companies”. The key objective behind the adoption of corporate governance rules as a standard determining the Bank’s functioning has been to establish transparent relations among all corporate bodies and entities involved in the Company’s operation as well as to ensure that the Company and its enterprise are managed properly, with due diligence and loyalty with respect to all shareholders. The willingness to ensure transparency of the operation of Bank Handlowy w Warszawie S.A., including in particular the relations and processes between the Company’s statutory bodies, led to the adoption of best practices as set forth in the “Best Practices for WSE Listed Companies” to be applied by the Bank. The aforementioned document is available on the website of the Warsaw Stock Exchange. By a resolution of 13 May 2008 adopted by the Management Board and a resolution of 20 May 2008 adopted by the Supervisory Board, the Bank’s governing bodies declared their willingness to comply with the corporate governance rules specified in the “Best Practices for WSE Listed Companies”, except for three rules not applicable to the Bank’s operations, and after one of them was repealed by the Warsaw Stock Exchange in 2010 – two rules that are not applicable to the Bank’s operation. Additionally, by a resolution of 20 July 2010 adopted by the Management Board and a resolution of 6 August 2010 adopted by the Supervisory Board, the Bank’s governing bodies agreed to comply with corporate governance rules specified in the “Best Practices for WSE Listed Companies”, amended by the resolution of 19 May 2010 adopted by the Board of the Warsaw Stock Exchange.

The Bank continually undertakes actions aimed at improving transparency in its organization, its division of powers and functioning of its respective governing bodies, and their mutual relations. These include the following:

- The Bank has published its financial statements in accordance with International Financial Reporting Standards (IFRS) since 1 January 2005;
- One half of the Bank Supervisory Board is composed of independent members, including the Chairman of the Board;
- The Audit Committee, composed of two independent members, including the independent Chairman of the Committee, has been established within the Bank Supervisory Board;
- Remuneration of all the Management Board members is commensurate with the company size and reflects the individuals' scope of duties and responsibilities;
- All significant internal regulations as well as information and documents relating to the Company General Meetings are available at the Company’s registered office and via its website.

2. Corporate governance rules as per the “Best Practices for WSE Listed Companies”, which were not applied by the Bank in 2011

In May 2008 the Bank declared its willingness to comply with the “Best Practices for WSE Listed Companies”, except for the following three rules:

(i) rule II.3 (applicable to the Management Board) and rule III.9 (applicable to the Supervisory Board) in respect of the Supervisory Board's approval of material related party transactions/agreements entered into as part of ongoing operations, in particular those related to liquidity management; and

(ii) rule IV.8 for ensuring a change of the entity authorized to audit the financial statements at least every seven financial years.
The Bank did not apply rules II.3 and III.9 incorporated in the “Best Practices for WSE Listed Companies” only with respect to related party agreements regarding ongoing operations, in particular those related to liquidity management.

Considering the nature and number of transactions entered into as part of ongoing operations, it is not possible to obtain the Supervisory Board’s approval of their conclusion from the perspective of the operating activity. Simultaneously, it should be emphasized that a report on the ongoing monitoring of the Bank’s operations is submitted to the Supervisory Board on a monthly basis, which includes among others information on related party transactions exceeding PLN 100,000.

By a resolution of 19 May 2010 adopted by the Board of the Warsaw Stock Exchange, rule IV.8 of the “Best Practices for WSE Listed Companies was repealed. Since 2010 the Bank, pursuant to the amended corporate governance rules, has been publishing on the Bank’s website the content of the company’s current rule concerning changing an entity authorized to audit financial statements.

In 2010 the Bank did not apply the recommendation concerning broadcasting the General Meeting sessions via the Internet due to the fact that it does not have a fragmented shareholding structure, and sessions take place at the company’s registered office at convenient times. However, to make it possible to hold future General Meetings session with the use of electronic means of communication, on 12 September 2011 the General Meeting adopted a resolution on amendments to the Bank’s Articles of Association allowing for holding General Meeting sessions with the use of that type of means of communication.

The Bank’s financial control applies to the accounting policy and financial reporting. The quarterly Risk and Control Self-Assessment (RCSA) constitutes an evaluation and a proactive, effective key risk management process, integrated with the process of drawing up the financial statements. The quarterly RCSA process is the Bank’s fundamental tool used for monitoring the risk levels as well as changes in the financial reporting environment, for identification of new threats, verification of control mechanisms’ efficiency and implementation of corrective action plans. The Bank’s operational risk monitoring process is based on efficient mechanisms ensuring the security of technology systems. The IT systems used in the process of drawing up the financial statements are covered by the Bank’s COB plan.

The functional control system is supervised by the Bank’s Management Board supported by the Risk and Capital Management Committee.

The Bank’s internal audits are conducted by the Audit and Risk Review Department, a separate organizational unit of the Bank, reporting directly to the President of the Management Board. The ARR Department is supervised by the Supervisory Board via the Audit Committee appointed from among its members. To this end, the Department regularly
controls and evaluates the compliance of the above units with the law, internal normative acts as well as the risk incurred.

The Supervisory Board of the Bank exercises supervision over the internal control system and the operations of the Audit and Risk Review Department. The Supervisory Board performs its functions with the support of the Audit Committee, which, as part of the supervisory function, in cooperation with the Bank’s Management Board and the statutory auditor verifies the fairness of the financial statements as well as proper functioning of the processes related to their preparation and submits recommendations regarding the approval of the annual and interim financial statements by the Bank’s Supervisory Board.

The Head of the ARR Department provides the Management Board and the Audit Committee of the Supervisory Board with audit findings and on a periodic basis, at least once per annum, provides the Supervisory Board with collective information on irregularities identified and conclusions arrived at in the course of the internal audits performed as well as measures undertaken to remove the irregularities. The ARR Head has the right to participate in meetings of the Management and Supervisory Boards during which issues related to the Bank’s internal control are considered.

7. General Meeting procedure, description of its fundamental powers as well as shareholder rights and their exercise method

7.1 General Meeting procedure

The General Meeting of the Bank operates in accordance with the Regulations of the General Meeting, Articles of Association as well as applicable laws. The Bank’s General Meetings (General Meeting) comply with stable Regulations setting forth detailed principles for conducting meetings and adopting resolutions.

It is the Company’s practice that the General Meeting is held at the registered office of the Company in Warsaw. The ordinary General Meeting of Shareholders is convened by the Management Board. It shall be held within the first six months after the end of each financial year. The Company’s practice is to convene the Ordinary General Meeting no later than in the last week of June, before noon time. The Supervisory Board shall have the right to convene an ordinary General Meeting of Shareholders if the Management Board fails to convene such meeting within the timeframe set in the Articles of Association or an extraordinary General Meeting of Shareholders if the Board considers it necessary. The extraordinary General Meeting is convened by the Management Board on its own initiative and at the request of a shareholder or shareholders representing at least one-twentieth part of the share capital. A request for convening an extraordinary General Meeting of Shareholders should be submitted to the Management Board in writing or in an electronic form. If within two weeks from
submission to the Management Board of a request an extraordinary General Meeting of Shareholders is not convened, the registry court, by way of a decision, can authorize a shareholder or shareholders, who have made such request, to convene the extraordinary General Meeting of Shareholders. The shareholder or shareholders authorized by the registry court, in the notice convening an extraordinary General Meeting of Shareholders, shall refer to the decision of the registry court mentioned in the previous sentence. The chairman of such an extraordinary General Meeting of Shareholders shall be appointed by the registry court. An extraordinary Meeting of Shareholders may also be convened by shareholders representing at least one half of the Bank’s share capital or at least one half of the total number of votes at the Bank. The chairman of such a Meeting of Shareholders shall be appointed by the shareholders. The General Meeting of Shareholders shall be convened by way of announcement placed on the Bank’s website and in the manner stipulated for the distribution of current filings by public companies, provided that such an announcement is made at least twenty six days before the date of the General Meeting of Shareholders. Shareholders who have the right to demand that a certain issue be included on the agenda of a General Meeting of Shareholders, in order to exercise such right, should submit a motion to the Bank Management Board in writing or in an electronic form, along with a justification and a draft resolution related to the proposed item on the agenda, no later than twenty one days before the date of the General Meeting of Shareholders. The Management Board shall place the issue on the agenda of the next General Meeting of Shareholders immediately, but no later than eighteen days before the scheduled date of the General Meeting of Shareholders. General Meeting of Shareholders may be cancelled only if it has become expressly irrelevant or there are some extraordinary obstacles preventing it. A General Meeting is cancelled, or its date is changed, in the same manner as it is convened, except that the twenty six day period is not applied. Cancellation or the change of date of a General Meeting of Shareholders must ensure the minimum adverse effects for the Bank and the shareholders. The General Meeting of Shareholders can resolve not to consider an issue placed on its agenda and to change the order of issues included on the agenda. However, in order to remove from the agenda or resolve not to consider an issue included on the agenda at shareholders’ request, the prior consent of all present shareholders who have made such a request shall be required, supported by 80% of votes at the General Meeting of Shareholders. Motions concerning such issues should be justified in a detailed way.

A full text of the documentation to be presented at the General Meeting of Shareholders along with the draft resolutions (and if a given case does not require passing a resolution – along with the comments of the Management Board) and other information with respect to a General Meeting, shall be placed at the Bank’s website as of the day of convening such a General Meeting. Materials to be used at the General Meeting are made available at the Company’s registered office at the time specified in the announcement convening the General Meeting. Notwithstanding the foregoing, the Bank shall fulfill all disclosure requirements related to convening General Meetings imposed by the applicable laws.

The General Meeting is opened by the Chairman of the Supervisory Board and in his/her absence by the Vice-Chairman or a member of the Supervisory Board. It is the Company’s practice with respect to holding General Meetings that a Chairman of the Meeting is elected immediately after opening the Meeting. The General Meeting does not make any decisions prior to the election of the Chairman.

Through the party in charge of opening the General Meeting, the Bank’s Management Board always provides the Chairman of the General Meeting with instructions for performing such a function in a manner ensuring compliance with generally applicable laws, corporate governance rules, the Articles of Association as well as internal regulations of the Bank. Members of the Bank’s Management and Supervisory Boards as well as the statutory auditor ought to participate in the session of the General Meeting if it focuses on financial issues.

The General Meeting votes in an open ballot. Secret ballot is applied with respect to elections and motions regarding dismissal of members of the Company’s governing bodies or liquidators, holding them liable, as well as in personal matters. In addition, secret ballot must be ordered upon the motion of at least one shareholder present or represented at the General Meeting.

The General Meeting is valid irrespective of the number of shares represented at it, subject to specific circumstances defined by applicable laws. Resolutions are adopted by the General Meeting by an absolute majority of votes cast by the attendees, unless the applicable laws or the Articles of Association provide otherwise.

In practice, voting takes place through a computer system for casting and counting votes, which ensures that the number of votes corresponds to the number of shares held and eliminates the
possibility to identify the vote casting method used by individual shareholders in the event of secret ballot.

The Chairman of the General Meeting ought to formulate resolutions in a manner ensuring that each authorized party who objects to the decision constituting the object of the resolution has an opportunity to appeal against it. The Chairman of the General Meeting is obliged to ensure that resolutions are drawn up in a clear and explicit manner. Additionally, the Management Board of the Company provides the Chairman with the potential assistance of the entity rendering legal services to the Company.

Resolutions adopted by the General Meeting are recorded in the form of minutes by a notary public. The minutes should state that the General Meeting has been properly convened and has the capacity to adopt resolutions, as well as list the resolutions adopted, number of votes for each resolution as well as objections filed. The minutes should be supplemented with an attendance list, including signatures of the participants in the General Meeting. The evidence supporting the fact of convening the General Meeting should be enclosed by the Management Board in the book of minutes.

The Management Board encloses a copy of the minutes in the book of minutes.

General Meetings may be attended by the media.

The profit is distributed proportionately to the number of shares.

The right to participate in the General Meeting of the Bank as a public company is vested exclusively in the Bank’s shareholders at least sixteen days prior to the date of the General Meeting (Day of Registration of participation in a General Meeting). A shareholder participating in the General Meeting is entitled to vote, file motions and raise objections as well as present a concise statement of reasons for his/her position.

The Management Board ought to refuse access to information if such an action:

1) could be detrimental to the Company, its related party or subsidiary, in particular through the disclosure of technical, trade or organizational secrets of the enterprise;

2) could expose a member of the Management Board to penal, civil or administrative liability.

In justified cases the Management Board has the right to provide information in writing, not later than within 2 (two) weeks from the date of closing the General Meeting.

The governing bodies of the Company do not limit the information but at the same time they comply with the provisions of the Act on Public Offering and Conditions Governing the Introduction of Financial Instruments to Organized Trading and Public Companies, the Act on Trading in Financial Instruments, the Regulation on current and periodical reporting by issuers of securities, the conditions under which the legally required information originating in a non-member state can be deemed equivalent thereof, as well as the provisions of the Code of Commercial Companies.

The General Meeting is valid irrespective of the number of shares represented at it, subject to specific circumstances defined by applicable laws. Resolutions are adopted by the General Meeting by the absolute majority of votes cast by the attendees, unless the applicable laws or the Articles of Association provide otherwise.

Each shareholder has the right to object to the provisions of a resolution adopted by the General Meeting as well as present his/her related arguments and statement of reasons.

Each shareholder has the right to propose changes and supplements to draft resolutions included in the agenda of the General Meeting until the closing of the discussion regarding a particular item of the
agenda with respect to the draft resolution to which the proposal applies. Proposals and their brief justifications ought to be presented in writing.

A shareholder may file a motion on a formal issue at the General Meeting. Motions on formal issues concern the procedure and voting.

The shareholders have the right to propose their candidates to the Bank’s Supervisory Board in writing to the Chairman of the General Meeting or orally to be included in the minutes; in both cases the proposals require a brief justification.

The shareholders have the right to access the book of minutes and request the issuance of copies of the resolutions certified by the Management Board.

Shareholders who voted against a resolution at the General Meeting and after its adoption requested their objection to be recorded in the minutes, shareholders who have not been admitted to participate in the General Meeting for no legitimate reasons and shareholders absent from the General Meeting shall have the right to file an action regarding cancellation of a resolution adopted by the General Meeting only in the event the procedure for convening the General Meeting was not executed correctly or a resolution was adopted with respect to an issue not included in the agenda.

The shareholders have the right to file an action against the Company in order to cancel a resolution adopted by the General Meeting which does not comply with an applicable legal act.

The Company’s shares may be redeemed upon the consent of a shareholder through their acquisition by the Company (voluntary redemption). Share redemption requires the adoption of a relevant resolution by the General Meeting. The resolution ought to determine in particular the legal basis for the redemption, the amount of consideration payable to the shareholder of the redeemed shares or a statement of reasons for share redemption without a consideration as well as the method of reducing the share capital.

The Bank ensures adequate protection of the minority shareholders' rights, within the constraints dictated by its corporate status and the associated primacy of the majority rule principle. In particular, in order to ensure equitable treatment of all shareholders the Bank adheres, among others, to the following practices:
