This communication is provided for information purposes only with respect to each index discussed herein (each an "Index") and does not constitute (i) a recommendation, an offer or a solicitation to deal in any financial product, enter into any transaction or adopt any investment strategy, or (ii) legal, tax, regulatory, financial or accounting advice. Neither the entity establishing and sponsoring any Index (each, an "Index Sponsor"), nor the entity endorsing any Index (each, an "Index Endorser"), nor the entity acting as calculation agent for any Index (each, an "Index Calculation Agent"), nor any of their respective directors, officers, employees, representatives, delegates or agents (together with each Index Sponsor, each Index Endorser and each Index Calculation Agent, each a "Relevant Person") makes any express or implied representation or warranty as to (i) the advisability of purchasing or entering into any financial product the performance of which is linked, in whole or in part, to any Index

(an "Index Linked Product"), (ii) the levels of any Index at any particular time on any particular date, (iii) the results to be obtained by the issuer of, the counterparty to, or any investor in any Index Linked Product, or any other person or entity, from the use of any Index or any data included therein for any purpose, (iv) the merchantability or fitness for a particular purpose of any Index, or (v) any other matter. Each Relevant Person hereby expressly disclaims, to the fullest extent permitted by applicable law, all warranties of accuracy, completeness, merchantability or fitness for a particular purpose with respect to any Index and any information contained in this communication. No Relevant Person shall have any liability (direct or indirect, special, punitive, consequential or otherwise) to any person even if notified of the possibility of damages. Relevant Persons may have an investment banking or other commercial relationship with and access to information from the issuer(s) of constituents. Such activity may or may not have an impact on the level of any Index, but potential investors and counterparties should be aware that a conflict of interest could arise where anyone is acting in more than one capacity, and such conflict may have an impact (either positive or negative) on the level of any Index.

Each Index reflects the performance of notional investment positions in its constituents. There is no actual portfolio of assets to which any person is entitled or in which any person has any ownership interest. Each Index merely identifies certain hypothetical investment positions, the performance of which will be used as a reference point for the purpose of calculating the level of the relevant Index.
