

# Building a Sustainable Future: Paper-free Account Summary Statements

Sustainable business is smart business – that's business as usual for our clients.

Receiving account statements electronically is fast and efficient, eliminates paper, saves trees and is also cost-free. What's more, Citi provides two convenient and complementary paper-free solutions for receiving account summary statements for your cash accounts in Canada.

## e-Statements

Our e-Statements solution provides immediate access to your account summary statements for those cash accounts held with Citibank branches in Canada via an e-mail at the end of the reporting period. e-Statements are delivered directly to designated in-boxes and can then be stored locally for easy, convenient, anytime access.

With our e-Statements service your account summary statements:

- Are delivered in PDF format via secure password-protected e-mails
- Are e-mailed once per reporting period
- Can be sent to ten different e-mail addresses associated with a single account
- Are distributed via multiple e-mails if the file size per statement exceeds three megabytes, or approximately 1,500 pages
